Our teams are experienced in supporting sponsors and their potential guests through the initial weeks of their journey and beyond and are there to help every step of the way!

The North Devon with Ukraine team has a dedicated advisor supporting those guests who need to move onto a new sponsor because their initial arrangements have come to an end. If you would like to sponsor a guest in this situation, send your expression of interest to rematching@northdevonwithukraine.co.uk.

We are not just looking for sponsors, but also property owners who may want to offer a home for private rental situations. North Devon Council and Torridge Council can provide support for that too, and guests can access lots of support within the community such as our welcome hubs run by Sunrise Diversity and Wings South West.
